Deodorant for Show Choir Costumes

In order to protect our new costumes so they don't get deodorant stains on them which changes the color of the fabric, every member will be required to purchase deodorant that is all natural, aluminum, phthalates, propylene glycol and paraben free. This is much healthier for everyone as well as being better for our costumes.

I am able to use my discount at the co-op to offer these at a lower price, so please make a check out to Mary Stutesman for \$5.25.

I bought a case of the unscented variety, if you would prefer a scent then you will need to go purchase it on your own for the regular price.
